

“Don’t know the difference between
Accumulation Universal Life and
Guaranteed Universal Life?
You’re not alone.”

Mark Maurer, CFP®, MBA
PRESIDENT
LOW LOAD INSURANCE SERVICES, INC.

“We work solely with fee-only financial advisors. And while they have a firm grasp on things like retirement plans and investments, insurance is often uncharted territory. That’s where Low Load comes in. We don’t expect our fee-only financial advisors to know all the ins and outs of our industry, just as they don’t expect us to interpret trends on the NASDAQ. We encourage our advisors to speak candidly with us so they have a clear understanding of how we can help them protect their clients’ wealth. After all, we’re not competing for a piece of their portfolio. We’re here to give them the insurance solutions they need to safeguard their clients’ future security.”
